ANDROID
9.0

OEM WELCOME

- With R&D team group
- Quality is the first
- Customed it for the car factory

ALLWINNER T3L 4 nuclear CPU with Cortex-A7,
1.6GHz;Mali-400MP2 GPU,with 400MHz frequency.
Support 1 road video output, 3 road video input .
Support picture in picture function.
With AHD reversing camera.
Support split screen display and with different display
from front and backs screen.
Wtith 7 colors LED ligh.
Support digital TV function
With 2 road URAD socket, to support OBD,DAB,
tire presser and so on.
Support mirro link.
Support right and front camera input.
With all kinds of UI topic for choosing.
Support car mate function.
Support cloud protocol update online.
